EDUCATION

2017 – Present Post-Doctoral Research Associate (Dr. James Bence)
Quantitative Fisheries Center, Michigan State University, Lansing, MI

2012 – 2015 Ph.D., Environmental Science (Dr. Thomas Lauer)
Biology Department, Ball State University, Muncie, Indiana

2001 – 2003 M.S., Aquatic Biology and Fisheries (Dr. Thomas Lauer)
Biology Department, Ball State University, Muncie, Indiana

1997 – 2001 B.S., in Biology
Biology Department, Ball State University, Muncie, Indiana
Major: Aquatic Biology and Fisheries
Minor: Computer Applications

POSITIONS

2017 – Present Post-Doctoral Research Associate, Michigan State University

2016 – 2017 Instructor of Biology, Ball State University, Muncie, Indiana
(75% teaching & 25% research)

2014 – 2016 Adjunct faculty, Ball State University, Muncie, Indiana

2012 – 2015 Research Assistant, Ball State University, Muncie, Indiana

2010 – 2013 Owner/Operator, Fish Pro, Muncie, Indiana

2007 – 2012 Aquatic Biologist, Muncie Bureau of Water Quality, Muncie, Indiana

2006 – 2007 Research Biologist, Ball State University, Muncie, Indiana

2003 – 2006 Assistant Fisheries Biologist, Indiana Department of Natural Resources,
Winslow, Indiana

2003 Fisheries Aide, Indiana Department of Natural Resources, North Judson,
Indiana

TEACHING EXPERIENCE *indicates instructor of record, ¹partial course development, ²full course development

2016 – 2017 Instructor of Biology, Ball State University, Muncie, Indiana
*¹BIO112: Principles of Biology 2, 1 section fall 2016 and 4 sections
spring 2017
*¹BIO448: Biometry, 1 section fall 2016 and spring 2017
*²BIO694: Statistical Modeling in Ecology, 1 section fall 2016
ZOOL483: Wildlife Management, Guest Lecturer fall 2016
Topic: Fishery Resources Management

2014 – 2016 Adjunct faculty, Ball State University, Muncie, Indiana
*¹BIO448: Biometry, 1 section spring 2016
*²BIO694: Statistical Modeling in Ecology, 1 section fall 2015
*²BIO694: Statistical Modeling in Ecology, 1 section fall 2014
ZOOL465: Fishery Resource Management, Guest Lecturer, spring 2016
Topic: Index of Biotic Integrity

RESEARCH EXPERIENCE

- 2017 – Present Post-Doctoral Research Associate, Quantitative Fisheries Center, Michigan State University, East Lansing, Michigan
Research Topic: Spatial and temporal variation in growth and condition of Alewife *Alosa pseudoharengus* and Rainbow Smelt *Osmerus mordax* in Lake Huron.
Research Topic: Length structured – integrated stock assessment model of prey fish in Lake Huron.
- 2016 – 2017 Instructor of Biology, Ball State University, Muncie, Indiana
Research Topic: Swimming performance of lentic and lotic populations of Cyprinidae sp.
Research Topic: The Branch Effect: Understanding multi-campus enrollment and student success.
Research Topic: Dynamics and Models of Yellow Perch in Indiana waters of Lake Michigan.
- 2012 – 2015 Research Assistant, (Ph.D.) Ball State University, Muncie, Indiana
Research Topic: Stock recruitment dynamics of Walleye *Sander vitreus* and Moronid sp. in six major reservoirs of Indiana.
Research Topic: Bayesian yield-per-recruit analysis of Walleye *Sander vitreus* and Moronid sp. in six major reservoirs in Indiana.
Research Topic: Abiotic and biotic covariates of electrofishing capture probabilities of fishes in wadeable streams and the effect of schooling behavior.
Research Topic: Investigating Cyprinidae swimming performance.
Research Topic: Macroecology of North American fishes.
- 2007 – 2012 Fisheries Biologist, Muncie Bureau of Water Quality, Muncie, Indiana
Research Topic: Evaluation of estrogenic compounds in White River, integrating field and laboratory experiments.
Research Topic: Investigating Smallmouth Bass *Micropterus dolomieu* population dynamics.
Research Topic: Long-term variability in the fish assemblage of White River.
Research Topic: Feasibility of a two-stage ditch to reduce nutrients and improve fish community health.
- 2006 – 2007 Research Biologist, Ball State University, Muncie, Indiana
Research Topic: Dynamics and Models of the Yellow Perch in Indiana waters of Lake Michigan.
- 2001 – 2003 Research Assistant, (M.S.) Ball State University, Muncie, Indiana
Research Topic: Software development to perform back-calculated lengths of fish from fish bony structures.
- 2000 – 2001 Research Assistant, (B.S.) Ball State University, Muncie, Indiana

*Undergraduate Research Topic: Population dynamics of Rock Bass
Ambloplites rupestris in White River, Muncie, Indiana.*

AGENCY/PRIVATE SECTOR EXPERIENCE

- 2010 – 2013 Owner/Operator of Fish Pro
- Provided individual consultation to private pond owners.
 - Managed fish populations of private ponds by supplemental stockings or harvest strategies.
 - Managed pond vegetation using chemical and biological methods.
 - Installed/maintained aerators and fountains.
 - Operated a retail website to reach customers across the US.
- 2007 – 2012 Fisheries Biologist, Muncie Bureau of Water Quality, Muncie, Indiana
- Surveyed the fish community of wadeable streams Delaware County, Indiana to evaluate biological integrity.
 - Supervised three summer and one winter undergraduate students.
 - Authored annual report for the Muncie Sanitary District describing the results of biological monitoring.
- 2003 – 2006 Assistant Fisheries Biologist, Indiana Department of Natural Resources, Winslow, Indiana
- Assisted the district fisheries biologist with annual fisheries surveys and vegetation control of state owned water bodies.
 - Authored annual reports summarizing fisheries surveys and providing management recommendations.

SERVICE

University

- 2016-2017: Co-advisor, Student subunit of the American Fisheries Society, Ball State University
- 2016-2017: Undergraduate student advisor, Ball State University
- 2016-2017: Student/Alumni Relations Committee, Ball State University
- 2015-present: Graduate committee member
 - Garrett Clevinger: Survival of localized White-Tailed Deer in Urban and Rural Southern Indiana.
 - Scott Zello: Multi-stressor effects of trace organic contaminants on *Physa acuta*
 - Keifer Tutus: Understanding the Ecological Impacts of Timber Harvest Techniques on the Bat Community in a Midwestern Hardwood Forest: Occupancy Analyses Using Bio-Acoustics
 - Garrett McDonald: Geographic and seasonal variation in songs of the Cerulean Warbler (*Setophaga cerulea*)
- 2015: Chair, Applied Statistics and R Users Group, Ball State University
- 2013: Chair, Applied Statistics and R Users Group, Ball State University

Professional

- Reviewer: Approximately 2-3 per year. Journal of Great Lakes Research, Methods in Ecology and Evolution, Ecology and Evolution, Public Library of Science, Fisheries

Research, North American Journal of Fisheries Management, American Midland Naturalist, The Southwestern Naturalist, Journal of Applied Statistics

- 2016 – present: Archives Committee Co-Chair, North Central Division, American Fisheries Society
- 2016 – 2017: Certification Committee Chair, Indiana Chapter of the American Fisheries Society
- 2015: Co-Chair, Bayesian inference in Fish and Wildlife Management Symposium, Midwest Fish and Wildlife Conference, Indianapolis, IN.
- 2014 – 2017: Walleye Technical Committee Representative, Indiana Chapter of the American Fisheries Society
- 2013: Chair, Bayesian inference in Great Lakes Research, Special Session, International Association of Great Lakes Research, Lafayette, IN.
- 2010 – 2011: Past-President Indiana Chapter of the American Fisheries Society
- 2009 – 2010: President, Indiana Chapter of the American Fisheries Society
- 2009: Chair, Annual Meeting Program Committee, Indiana Chapter of the American Fisheries Society
- 2008 – 2009: President Elect, Indiana Chapter of the American Fisheries Society
- 2008: Chair, Membership Committee, Indiana Chapter of the American Fisheries Society
- 2007 – 2008: Vice President, , Indiana Chapter of the American Fisheries Society
- 2005 – 2016: Communications Committee Chair, Indiana Chapter of the American Fisheries Society

PROFESSIONAL MEMBERSHIPS

American Fisheries Society (National Society, North Central Division, and Indiana Chapter), International Association of Great Lakes Research, International Society for Bayesian Data Analysis

GRANTS AND AWARDS

External Research Grants

- **PI:** (Undergraduate lead project) Fish Population Survey and Management Report, Greensburg, IN, Honda Plant, **\$2,993**, Honda Manufacturing – **External, 2016.**
- **PI:** Dynamics and Models of the Yellow Perch in Indiana waters of Lake Michigan 2016-2018, **\$209,338**, Indiana Department of Natural Resources – **External, 2016.**
- **Co-PI:** Walleye, Striped Bass, and Hybrid Striped Bass Population Dynamics: Modeling Data from the IDNR Fisheries Information System, **\$88,639**, Indiana Department of Natural Resources – **External, 2014.**
- **Co-PI:** Estimating capture probabilities of common stream fish in the Eastern Corn Belt Plain, **\$23,148**, Indiana Water Research Center – **External, 2013.**

Honors/Awards/Certifications

- Best Professional Paper, Indiana AFS 2016
- Outstanding PhD Student in Environmental Science, 2015
- Ball State University Student Symposium Keys/Litten/Smith award for most compelling poster project, 2015
- Ball State University Department of Biology Outstanding Graduate in Field Sciences award, 2015
- Ball State University AFS Excellence in Fisheries Award, 2014

- Best Student Paper, Indiana AFS 2014
- Indiana Chapter of the American Fisheries Society student travel award, 2014: **\$200**
- North Central Division of the American Fisheries Society Joan Duffy travel award, 2014: **\$200**
- Biology Department Travel Award, 2014: **\$500**
- Ball State University Aspire Travel Award, 2014: **\$100**
- Best Student Paper, International Association for Great Lakes Research 2013
- Best Student Paper, Indiana AFS 2013
- Aquatic Biology and Fisheries Center Graduate Student of the Year 2013
- Best Student Paper, International Association for Great Lakes Research 2013: **\$500** and one year IAGLR membership
- Indiana Chapter of the American Fisheries Society student travel award, 2013: **\$200**
- North Central Division of the American Fisheries Society Joan Duffy travel award, 2013: **\$200**
- Recipient Indiana AFS Meritorious Service Award 2012
- Recipient NCD AFS Meritorious Service Award 2012
- Recipient AFS John E. Skinner travel award, August 2012
- Best Professional Poster, Indiana AFS, 2012
- Awarded “*Certified Fisheries Professional*” status by the AFS, 2011
- Best Professional Paper, Indiana AFS, 2011
- Best Professional Paper, Indiana AFS, 2010
- Best Professional Paper, Indiana AFS, 2007
- Ball State University AFS Excellence in Fisheries Award, 2003
- Awarded “*Associate Fisheries Professional*” status by the AFS, 2001
- Ball State University AFS Excellence in Fisheries Award, 2001

PUBLICATIONS *indicates undergraduate student

Doll, J.C. April 2017. Stan for Bayesian inference: How to. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. Invited, February 2017. R For Fisheries Professionals, Workshop for the Indiana and Ohio Chapters of the American Fisheries Society, Ball State University, Muncie, Indiana.

Doll, J.C. January 2017. Bayesian inference with JAGS and Stan. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. Invited, November 2016. Long-term monitoring of Yellow Perch in Southern Lake Michigan. Illinois-Indiana Sea Grant, Recreational Fishing Workshop – Indiana, Hammond, IN.

Doll, J.C. September 2015. Introduction to RStan and the Stan modelling language. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. Invited, September 2015. Open source software for fisheries biologists. Indiana Chapter of the American Fisheries Society, Muscatatuck National Wildlife Refuge, Seymour, IN.

Doll, J.C. November 2014. The problem with missingness and the Bayes way to handle it in R. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. Invited, September 2014. History and management of Walleye in Indiana. Wright State University-Lake Campus, Celina, Ohio.

Doll, J.C. May 2014. Bayesian variable selection. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. Invited, October 2013. R For Fisheries Professionals, Workshop for the Indiana Chapter of the American Fisheries Society, Ball State University, Muncie, Indiana.

Doll, J.C. September 2013. Presentation quality figures with R and ggplot2. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. April 2013. Bayesian inference of hierarchical models. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. Invited, April 2013. Indiana pond management. Madison County Soil and Water Conservation District, Anderson, IN.

Doll, J.C. February 2013. Bayesian inference: the new/old statistical paradigm in town. Applied Statistics and R Users Group, Ball State University, Muncie, Indiana.

Doll, J.C. *Invited*, March 2012. White River research: Biological Integrity, Smallmouth Bass, and estrogenic compounds. Indiana Smallmouth Alliance Annual Conference, Zionsville, IN.

Doll, J.C. *Invited*, July 2012. Indiana pond management. Madison County Soil and Water Conservation District, Anderson, IN.

SKILLS

Field and laboratory equipment: Fisheries and limnological equipment for lentic and lotic bodies of water (e.g., Great Lakes, natural lakes, reservoirs, big rivers, wadeable streams). Bottom trawl, gillnets, electrofishing (boat, barge, back-pack units), seine, plankton nets, flowmeter, Van Dorn water samplers, Secchi disks, sediment samplers, Swimming performance flow chamber, and Hydrolab.

Statistical and GIS software/Programming languages: R, ADMB, SAS, Minitab, SPSS, Systat, programming languages specific to Bayesian inference (Stan, JAGS, WinBUGS), ArcGIS, and QGIS.
